## PUBLIC NOTICE FOR A 56-DAY PUBLIC COMMENT PERIOD and OPEN HOUSE/PUBLIC MEETING Arizona Department of Environmental Quality (ADEQ)

### Notice of Release of the Draft Groundwater Remedial Investigation (RI) Report for the Broadway-Pantano Water Quality Assurance Revolving Fund (WQARF) Registry Site and Public Meeting to Solicit Groundwater Remedial Objectives for the Broadway-Pantano WQARF Site

**PLEASE TAKE NOTICE** the State of Arizona, ex rel., Stephen A. Owens, Director, Arizona Department of Environmental Quality (ADEQ) has determined to release the draft groundwater Remedial Investigation (RI) report for the **Broadway-Pantano WQARF Registry Site** in Tucson, Pima County, Arizona.

A groundwater RI report is prepared to identify the nature and extent of contaminated waters of the state and the sources thereof; identify current and potential impacts to public health, welfare and the environment; identify present and reasonably foreseeable uses of waters of the state; and obtain and evaluate any other information necessary for identification and comparison of alternative remedial actions.

The Broadway-Pantano WQARF Site is located in east-central Tucson, and is bounded approximately by Speedway Boulevard to the north, the Pantano Wash to the east, Calle Madero to the south, and Sahuara Avenue to the west. The site consists of the Broadway North Landfill (BNL) and the northern part of the Broadway South Landfill, and the associated groundwater which is contaminated with tetrachloroethene (PCE), trichloroethene (TCE) and vinyl chloride occurring over regulatory limits. Other contamination is buried metal waste at a dross site at the far southern section of the BNL.

A copy of the draft groundwater RI will be available for review beginning Wednesday, April 4, 2007, at the following locations:
